

# 2020 SPP Fall Meeting is Going Virtual!

## October 22 - 25, 2020

### A Statement from SPP President, Dr. Gino Somers:

---

Dear SPP family,

In light of the ongoing concerns regarding public safety due to COVID-19, as well as the demands our members are facing in their own institutions and communities and related travel restrictions, SPP Leadership has come to the difficult decision that we must **reschedule the 2020 SPP Fall Meeting as a virtual meeting.**

While we cannot come together in-person, we have a team of volunteers working hard on developing a robust online meeting for you later this year. **The dates for the online meeting will remain the same: October 22 – 25.** We are working on a new and exciting Symposium, and will provide further details once this is finalized. We will be in contact in the coming weeks with additional information about this historic meeting, its program and registration details.

The 2021 Fall Meeting will be held in Portland, Oregon, from October 21-24, and the 2022 Fall Meeting will be held in Rochester, New York.

Again, thank you for continued support of the SPP. The Society is nothing without its membership, and I look forward to 'seeing' you all in the Fall!

Best regards,

Gino Somers, President, Society for Pediatric Pathology
