Enrolling with Avis Instructions  
Association Members 2018

Have your driver’s license and credit card handy. If you already have a profile with Avis just add the **Kellen Avis Worldwide Discount (AWD) #D619101** to your existing account to receive the rates and benefits negotiated by Kellen. **Association members have the same great rates & benefits, but negotiated insurance is not included.**

Your profile will be automatically connected to the Kellen program when you create your profile using the link below. Vehicles can be rented *without* creating a personal profile; however, if you do not create a profile you will need to enter the **Kellen AWD #D619101** for *every* rental and the benefit of skipping the counter will *not* be available.

By enrolling for an Avis Preferred Wizard profile you will be able to skip the rental counter lines and take the preferred route to more benefits. Earn Avis Preferred Points for every journey by opting into the Loyalty Program.

**Instructions:**
